

Top Features

1 **[cPanel Control Panel](#)**: With **cPanel Hosting**, you get the necessary flexibility for an extensive array of scripts, programs and installations.

cPanel

is loaded with every tool you'll need for success allowing you to focus on web development and business management instead of using your resources for server administration.

2 **[100% Wind Powered](#)** : Did you know that the average server produces the same emissions as a 15 mpg SUV? There are millions of websites on the net these days. That means a lot of servers, and a lot of carbon emissions. For that reason, all of our servers are now 100% wind powered!

3 **[Fantastico De Luxe](#)**: **Fantastico De Luxe** is the leading auto installer for cPanel servers. With more than 10,000 installations, it provides more than one million end users the ability to quickly install dozens of the leading open source content management systems into their web space.

Fantastico De Luxe will allow you and your customers to install over 50 scripts instantly. To use fantastico you or your client will just login to their control panel, click Fantastico, and then click one of the 50+ scripts to be installed such as...

Blogs, Portals/CMS, Customer Support Desks, forums, shopping carts,
Image Galleries, Mailing Lists.
